

Halal Certification Guidelines

This document outlines the procedures and criteria for obtaining Halal certification through the Thai Halal Data Base (THDB). It includes details on eligibility, required documents, step-by-step process, estimated processing time, and contact support.

Logo Usage Rules

This document defines the proper and improper ways to use the official Thai Halal certification logo. Guidelines include color codes, clear space, minimum size, and trademark policies to ensure brand integrity.

Download Forms Packet

This section includes downloadable forms required for Halal certification, supplier registration, buyer-seller engagement, and annual compliance. Ensure all fields are accurately filled before submission.

Quarterly Report – Q2 2025

The second quarter report highlights the registration of 120+ new suppliers, digital system updates, halal awareness seminars, and improvements in user experience on the THDB portal.

Resources & eBooks Catalog

A list of recommended resources, whitepapers, eBooks, and research studies related to global Halal standards, certification practices, and industry best practices. All documents are available for download via the THDB portal.
